INFORMATION DISCLOSURE STATEMENT

Applicants hereby submit the attached documents listed on the attached PTO Form 1449 in accordance with 37 CFR §1.97(b)(3), as these documents are being submitted before the first Office Action. Copies of the cited items are enclosed in accordance with 37 C.F.R. § 1.98.

The relevance of the enclosed foreign language references as presently understood is as follows:

WO91/02781: The relevance as it is understood is set forth in the English language abstract. In particular, the device disclosed prevents gasses from escaping when coal cakes are fed into a horizontal coking chamber. Coal cakes are produced outside the chamber by a tamping, feed and pusher machine. The device includes a channel surrounding the coal cakes being fed in. The channel in the wall nearest the oven abuts the frame of the coking-chamber door. The side walls of the channel can be inserted into the side walls of the mold which are hollow in the area nearest the oven. The channel floor is formed by a movable floor of the mold. The channel roof is telescopic and has guides for the movable side walls. A leveling device is located on the stationary part of the channel roof. The device levels the surface of the coal cake and has a disposal device before the coal is stripped off.

Japanese Patent No. 7109467: This reference discloses a method for preheated stamped charging of coal. The coal for making coke includes coals that have different caking properties. The coal is quickly heated to 300-500° C, consolidated into a coal cake using coal in the softening and melting zone as the binder, and quickly charged into a coke oven.

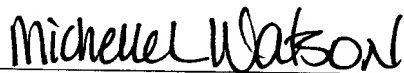

The filing of this Information Disclosure Statement shall not be construed as an admission that the information cited is, or is considered to be, material to patentability as defined in § 1.56(b), or that these documents are prior art.

It is believed that no fee is required for consideration of the submitted items. Should any fee be required, however, please charge such fee to Deposit Account No. 02-0387, but not to include any payment of issue fees.

Respectfully submitted,

Gerard T. Gallagher, Reg. No. 39,679
BAKER & DANIELS
205 West Jefferson Boulevard, Suite 250
South Bend, IN 46601
Telephone: (219) 234-4149

I hereby certify that this correspondence is being deposited with the U.S. Postal Service as First Class Mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C. 20231 on August 17, 2001.

Michelle L. Watson
